

MINNESOTA COGNITIVE NETWORK

Meeting Notes

January 13, 2009

I. Welcome! Introductions and updates:

Present: Molly Bruner, Nan Swift, Hal Palmer, Dori Maddox, Jason Anderson, Ashley Johnson, Kelly Higgins, Scott Nyegaard, Karen Dieterman

II. Training Announcements and Requests:

Thinking for a Change-is currently a need for more training. DOC is planning on having training in Beltrami CO. in the next few months. More info can be attained through the DOC web site.

Motivational Interviewing-there has been several trainings recently, but now collaborative efforts are needed to begin making Master trainers. Jason Anderson is the contact for information and referral abilities in this area. He is working under a deadline of June 30, 2009. Much discussion on coding and QA was also processed.

COG 101-has reached E.B.T. policy team. They will be adding a component as to how this should be trained, and who should be attending. They will be making some recommendations about the overall implementation.

III. News Letter: this has recently been published. This updated cog 101, and featured the Driving w/ Care curriculum. Special thanks to Corey and Karen for their work in publishing the newsletter.

IV. Other Items: Sensory integration Disorder was discussed, and information is needed as to how and if this is being used in any cog. Programming. If you have any details or further information on this topic, please contact the network.
