- 9:00 a.m. Opening Keynote Address:
"Growth-Focused Youth Justice
Case Management (GFCM)"
Jonathan Cloud
GFCM is presented as a framework that enhances existing probation practice in a manner that facilitates positive identity formation which fosters desistance from offending. Specific practices are explained and practical examples from GFCM implementation work in Hennepin County are provided.

Jonathan has over 40 years of experience in human services. He has served in case work positions in mental health and family services, and administrative positions in child welfare, youth services, legal practice reform, foster care reform, and youth justice. Since 1992, he has been an independent consultant.
